

WORDS OF WELCOME DUTCH JUNIOR OPEN 2023

What a great run towards this event. With an absolute record it is going to be the biggest Dutch Junior Open in the history, 555 players from 41 different countries are participating in the 35th edition of the Dutch Junior Open. Having such a big number does require support from every player, coach, referee, organization, and supporters. Let's all try to enjoy this event and support each other as much as possible.

As last Super Series event this is the last event for some players before they take their talents to the professional stage. For many of the younger players, it will be their first taste of such a large international event. It promises to be four days of spectacular sport for all, in an excellent venue and a wonderful city.

We would like to thank all those people and the ESF, the volunteers and the management of the Frans Otten Stadion for their help and support.

We are ready for the Dutch Junior Open. I hope that we will all make it an unforgettable time with each other. I want to wish you all, also on behalf of the Frans Otten Stadion Team and the Dutch Junior Open Team, all the best of luck and an enjoyable experience. And have fun in Amsterdam as well!

Kind Regards,

Tom Lucas

DJO REFEREES

Fair play is a universally understood concept, which underpins all of sport. It is also a philosophy, one of respect for others, and respect for the institution of sport. It leads to an agreement, between all of those involved to apply the values that we want sport to teach our children, and ourselves.

A welcome from the Tournament Referee: Marco van den Berg

A warm welcome to all the future stars of squash, and also we welcome all the parents, family, coaches and supervisors.

It took a while, but the Dutch Squash Federation and the Frans Otten Stadium can welcome you again for a great tournament of squash. More than 450 payers from many countries come here to compete for the title's.

My first memory as a referee of the Dutch Junior open is from 2003, in that year we had Camile Serme (<15) and local stars Sebastiaan Weenink (<17) and Dylan Bennett (<19) winning their category. Since that time I have been a referee at many Dutch Junior opens and we have seen a number of players come along who are now world class like Ali Farag, Mostafa Asal, Diego Elias and Tesni Evans. In the last edition of 2019, we had local winners in Rowan Damming <15 and Fleur Maas <19. From there as a junior they spend a lot of effort to come where they are now.

So kids, if you want to get that high on the world ranking you have to work hard and give everything you have. For now I wish you a very nice and safe tournament, have fun and enjoy your time in Holland.

Good Luck,

**MARCO VAN DEN BERG
